23 March 1963

MEMORANDUM FOR: AD/OEL

SUBJECT : Minutes of the Ad Hoc SIGINT Equipment
Committee Meeting Held on 8 March 1963.

The above subject discusses your Equipment Research and Development Plan Committee. It is my belief that ORD should be doing basic research on techniques which will be of interest to OEL. It is therefore requested that you reconsider your conclusion in para. 3. E. I would like to discuss this with you at your convenience.
